Discover what Alberta has to offer!

Rugged Experience | Licensed | Insured | Bond Protection | Diversity of Terrain and Habitat

Why Alberta?

An astounding 1,681 animals from Alberta have qualified for the Boone and Crockett Club's (B&C) Record Book. The fact that 721 of these entries are animals taken since 2000 is a testament to the quality of wildlife available in our province.

Alberta boasts an incredible variety of big game and bird game hunting opportunities. At 255,541 square miles, Alberta is the fourth largest province in Canada, containing six major eco-regions: Canadian sheild, parkland, rocky mountains, foothills, grassland, and boreal forest. The combination of Alberta's expansive size and the habitat diversity results in many top-notch hunting experiences.

You can hunt in Alberta in the spring, fall, and winter. Fall days are normally warm and sunny with cooler nights and, in higher elevations, you may see some frost on the ground in the morning. Come November, many parts of the province will have snow, and below freezing temperatures become the norm, getting progressively colder later in the month.

FACTS ABOUT ALBERTA

- **Total Area – 255,541 square miles**
- **Width East-West – 412 miles**
- **Length North-South – 764 miles**
- **Highest Point – Mount Columbia 12,294 feet**
- **Population – 4.334 million (2018)**
- **Largest City – Calgary 1.267 million (estimated)**
- **Capital City – Edmonton 966,000 (estimated)**
