

ALBERTA MINISTER'S SPECIAL LICENCE (MSL) – MULE DEER

Alberta is a mule deer hunter's paradise! This Minister's Special Licence (MSL) gives the lucky winning bidder a world-class opportunity to take the trophy of a lifetime. In many parts of North America, mule deer numbers are in decline, but Alberta's populations are thriving. From the vast northern croplands of the famed 'Peace Country' to the rolling grassland and coulee habitats of southern Alberta, few places offer more diversity and opportunity to harvest a monster mule deer.

Alberta's genetics are among the very best in the world. In fact, the largest mule deer ever taken, hit the snow-covered ground right here in Alberta, the "Ed Broder Buck" which scored 355 2/8-inches B&C! Annually many giant deer are still being taken in Alberta by hunters, scoring well over 200-inches – so who knows what possibilities await you with the MSL.

With recent improvements to the Alberta MSL, this premier opportunity has now risen to the top of the heap for auction tags across North America. Two of the key changes include the expansion to year-round hunting, and weapon-of-choice (in compliance with Alberta's provincial hunting regulations). Whether the holder of this permit comes once, or multiple times, they are certain to enjoy the hunt of a lifetime.

Don't miss this unique opportunity to pursue a true Alberta giant in the name of conservation.
